

Bellville, TX

What is CarFit? Come out and hear all about it!

CarFit is an interactive and educational program designed to improve mature driver safety!

Get ready to learn about the interactive and educational program that will properly assist older drivers on how to make their personal vehicles “fit” them to increase safety and mobility when they hit the road.

* At a Carfit event, trained technicians teach participants how to make their personal vehicle “fit” them by reviewing 12 key areas, such as steering wheel tilt and placement, safe positioning of mirrors, properly adjusted head restraints, and line of sight.

* CarFit is **not** a driving test or mechanical inspection. Participation in the CarFit event is voluntary.

* CarFit takes about 30-40 minutes.

A CarFit instructor will be in Bellville, TX to explain the program, answer any questions, and talk about the upcoming CarFit Event that will be happening on Thursday, April 25, 2024.

**Register by April 11, 2024 at 979-865-2072, or online at
